### **Menter Mechell get 'Tidy' boost**

A bid by Menter Mechell to improve the local environment has been given a boost thanks to a cash injection by environmental organisation Keep Wales Tidy. A grant of **£426.98** was approved in September 2010.

All 10 "Mechell Allotment" plots will benefit from tools (thermometer, barometer, water butt stands, storage), safety equipment (first aid kits, incinerators, cane eye guards) and materials to enable the exciting new project to grow (excuse the pun!).

Through the **Green Communities Project**, Keep Wales Tidy is able to offer financial assistance to community groups who have demonstrated a commitment to restoring their communities to their former glory.

The cash support has been made possible by funding from the **Welsh Assembly Government and European Regional Development Interreg 4A Ireland Wales Programme** and will be used by volunteer groups to help cover the costs of insurance, tools, equipment, publicity and training.

Additional support for communities is offered by Keep Wales Tidy appointed project officers who are on hand across Wales to offer help and advice on forming groups, holding events and applying for grants. The officers are funded via the Welsh Assembly Government's Tidy Town's project and the Interreg 4A Green Communities Project.

For more information on Keep Wales Tidy's small grants scheme or to get contact details of your local project officer please call 029 20381 721 or email: [greencommunities@keepwalestidy.org](mailto:greencommunities@keepwalestidy.org)
